# Importing Bids

The screenshot displays the 'FMS :: Bid List' interface. On the left is a vertical navigation menu with the following items: FMS Main Menu, Load Execution, Loads, Transportation Report, Procurement Menu, Project, Project Docs, Bids, Bid Import (XLS) (highlighted with a green arrow), Awards, Nodes, Bid Tools, My Profile, Carrier Data, FMS Spot Market, myEquip Post, myLoad Post, Load Postings, Equip Postings, myEquip Import, myLoad Import, FMCSA Carrier Search, and Reports. Below the menu are links for E-Mail Help and Logout.

The main content area is titled 'FMS :: Bid List' and features a search criteria section. The search criteria table has the following columns: Company, Project, Type, Open Date, Close Date, # of Lanes, # of Bids, # of Bundled Bids, Project Bundle, Terms accepted?, FMS Certified Alignment, and Project Documentation. The table currently shows 'No records to display.' Below the table, there are input fields for 'Origin Zone' and 'Destination Zone'. The 'Destination Zone' section has two radio button options: 'Truckload, Intermodal, Rail and Barge Lanes' (selected) and 'LTL, Air and Small Parcel Lanes'. There are also three buttons: 'Search Lanes To Bid', 'Export All Non LTL Lanes to XLS', and 'Export All LTL Lanes to XLS'. At the bottom right, there are three radio button options: 'Bids and Bundles' (selected), 'Bids Only', and 'Bundles Only'. A checkbox labeled 'Find Lanes with No Bid' is also present.

# Importing Bids

## myiLENS :: Bids Import

**Instructions:** In order to import bids for any project you must first download the xls file from the bid screen. You can prepare this file by entering values under the columns "dollarspermile", "BidVolume" and "minimum".
